## INTERNSHIPS

### React school (Trainee) at LANARS, Dnipro

Nov, 2022 - Feb, 2023

By focusing on hands-on learning, I gained valuable experience in building real-world applications using the React framework. I worked alongside experienced developer who lead the process.

During the training, I created a card game like Mahjong, learned how to work with forms using Formik (Multi Step Form), learned to use an API with React Redux, I made an audio player with Material-UI and finally learned how to create a responsive image gallery in React.
